

I am since September 2006 tenure senior lecturer (**Maître de conférences**). I do my teachings in [Polytech'Clermo](#)

[nt-Ferrand](#)

(Electrical Engineering department) and my research in the

[LASMEA](#)

(Laboratoire des Sciences et Matériaux pour l'Électronique, et d'Automatique - UMR CNRS 6602), more precisely within the team

[ROSACE](#)

(ROboticS and Autonomous Complex SystemeS).

My main activities of teaching and research are bound to the domains of the Robotics, automatic control and the computer sciences: Control of the complex systems (mono and multi-robot), Artificial Intelligence, Multi-Agents Systems.
